*This list breaks down the potential felon match list received from the Florida Division of Elections by last name and county of registration. Some names are in all capital letters because of the data as received from the state. Even if a voter's name does not appear on this list, it is still possible that a county supervisor may seek to remove the voter's name as part of list maintenance activities for this or some other reason, for which we cannot be responsible. Any voter with questions or concerns about their registration status should contact their county supervisor.*
